

VENDOR OF THE YEAR 2007

News Clipping from the Cooperater

The Metropolitan Building Managers of New York have named Maria and Giuseppe Vizzi of Indoor Environmental Solutions Inc. (IES) as vendor of the year. The award was presented at the Three Hands Grand Ball sponsored by The Manhattan Resident Manager's Club, the Metropolitan Building Managers of New York and the Scandinavian-American Building Managers Guild.

IES, which has been in business for 6

years, is a resource to residents, property managers and co-op and condos. Clients rely on IES to **clean trash chutes and compactors** using all **green-certified cleaning products**, prevent fires by cleaning lint clogged in dryer vent exhausts and improve a **building's air quality** by cleaning the ventilation systems.

The family-owned business services residential and commercial properties throughout the New York metro and tri-state area. IES also works with property owners and property/facilities managers to address concerns about indoor air quality and building hygiene.
